For the United States of America

THE GREAT WAY GIVES THE WILL THROUGH HIS SERVANT. THE GREAT WAY SAYS:

A new plan is being released in the earth for the nation of the United States of America to move into being, where they move in a new nature—one that is no longer rooted in rebellion that was in the plan they heeded from the inception of the nation. Its plan has been one to take over, even where it stems for others that have a way to move in working with the nation. To move in true freedom will mean to move in one accord as one nation under the One True God, Creator of Heaven and earth. There must be this differing detail due to the movings of false gods that pollute the land as a whole. It is just as with the children of Israel: Even in the days of the written Word through Scripture, God's chosen people would rebel in moving to place the One who gave them true freedom under this plan with the lowercase gods made with hands in their ways to worship him. The "him" just mentioned refers to "their way" the people think they could replace the Great Way with a demon and call him their lord as if that demon is truly the one who created them. They took hold of the practices of the nations that surrounded them and did profane details in worship to these foreign lowercase gods. The covenant was broken due to their rejection in this moving to be with the One True God and now take a way to worship as other nations, including how the nation called the United States of America wills to worship gods—not the One who created the heavens and the earth. Israel is truly still a way for a major detail, and soon there will be a true awakening. And a great impartation will stem through this nation known for worshipping false gods. But what will cause the United States of America to look to drink a deep removal of the way in idol worship? What must truly take shape in the plan that the nation holds under their plan to kill the details in human sacrifices? Now

we're hitting a topic that no one will take a true stand in this detail to speak and say that humans should not be given to demons for you to please movings in the occultic details. The will way is given that can be proven, that those who worship Satan have to give him a moving to kill and to give of a blood plan in a moving to take a will to give a form of a sacrifice. Would you dare to say the nation of the United States of America worships Satan in the occultic details to give of a moving in humans?
